

N8 AgriFood Doctoral Seminar

Sustainable Food Systems and Research Impact

Treehouse, Berrick Saul Building,
Main West Campus, University of York

Tuesday 16 October 2018

WORLD FOOD DAY
16 October 2018

A unique series of informal, interdisciplinary one-day workshops across the N8 universities (Durham, Lancaster, Leeds, Liverpool, Manchester, Newcastle, Sheffield and York) for PhD students from both natural and social sciences.

Join us on **World Food Day 16 October** in **York** to:

- Reflect on your practice as a researcher
- Discuss the importance of food system approaches
- Discover ways to start developing your research impact
- Hone the transferable skills that will enable you to develop your career during and beyond the PhD, in both academic and other professional contexts.

The event is **FREE** to attend - but space is limited so be sure to register as soon as possible.

YORK SEMINAR: SUSTAINABLE FOOD SYSTEMS
